

## EarthCam Celebrates 25 Years of Capturing Life on Earth And Beyond - Joins RTM

September 1, 2021

**EarthCam** is an innovative webcam company that has been capturing all aspects of life on Earth and in space. For their 25 year celebration, EarthCam released a compilation of some of their most pivotal imagery, showing the magnitude of different events captured on camera, from natural disasters to important political events to astronauts at the International Space Station. Brian Cury, the Founder and CEO of EarthCam, joins the RTM hosts to talk about this incredible milestone anniversary and his passion for helping people explore the world via live streaming video of locations all across our planet.
