

## Ring in “The Roaring 20’s” This New Year’s Eve with EarthCam

UPPER SADDLE RIVER, N.J., Dec. 26, 2019 /PRNewswire-PRWeb/ -- Join EarthCam for its annual New Year’s Eve [webcast](#) on December 31 at 10:00 am EST as it welcomes the Roaring 20’s decade. The virtual celebration begins in Tokyo, Japan, then moves to the island of Boracay in the Philippines, followed by fireworks and celebrations from 50 exciting locations such as Dubai, Budapest, Prague and Dublin.

### Benzinga’s #1 Breakout Stock Every Month

For over a decade, Benzinga has lead the way when it comes to investor access to information. Now Benzinga is about to do it all again with breakout stock recommendations.

Led by Editor Gianni Di Poce, Benzinga Breakout Opportunity Letter uses three market-beating ‘Delta Factors’ to find stocks that could surge in the weeks ahead. [Click here to find out how you can get the name of Benzinga’s next breakout stock recommendation.](#)

[Times Square](#) celebrations in New York City last all day – and so does the webcast. Viewers will be taken there via EarthCam’s network of live broadcast-quality streaming video cameras, including its recently upgraded 4K Crossroads Cam. Real-time, high-resolution panoramas will present a VIP balcony perspective overseeing the festivities, free from any harsh weather conditions. Viewers will feel like they’re right in the heart of it all.

Returning this year is [EarthCam’s skill for Amazon Echo Show](#). This allows viewers to tell Alexa, “Show me New Year’s Eve”, and be instantly transported to the celebrations in Times Square and other destinations, including Chicago, Nashville, Los Angeles, Kauai, Thailand, Denver and Lake Tahoe.

So ring in the Roaring 20’s with EarthCam’s webcast on <https://www.earthcam.com/newyears/> and EarthCamTV at <http://www.earthcamtv.com>. Make the webcast a part of any party with EarthCamTV apps available for [Apple TV](#) and [Amazon Fire TV](#). Spending the night away from a computer? Download EarthCam’s Webcams app for [Apple](#) and [Android](#), and party on the go! EarthCam will also be live streaming on its [Facebook](#) and [YouTube](#) pages.

### ABOUT EARTHCAM

EarthCam is the global leader in providing webcam content, technology and services. Founded in 1996, it provides live streaming video, time-lapse construction cameras and 360° reality capture for corporate and government clients. The company leads the industry with the highest resolution imagery available, including the world’s first outdoor gigapixel panorama camera system. This patent-pending technology delivers superior multi-billion pixel clarity for monitoring and archiving important projects and events across the globe. EarthCam’s all-weather webcams, innovative software and mobile applications enable users to showcase unique views, increase exposure and generate positive public relations. The company is headquartered on a 10-acre campus in northern New Jersey and maintains 13 additional offices internationally.

The Webby Award winning company hosts many highly trafficked tourism cams, with views of popular locations and landmarks such as Times Square, Hollywood Boulevard, World Trade Center, Statue of Liberty, Miami Beach, Key West, Bourbon Street, Temple Bar in Dublin, CN Tower, Atlantis the Palm Dubai and Abbey Road Crossing in London.
