

## **Saks Fifth Avenue Puts on Holiday Display as Window Are Revealed and Idina Menzel Performs Show Yourself from The New Frozen Film and See it Through Earthcam**

*November 26, 2019 - Suzanna Bowling*

The opening ceremony of Saks Fifth Avenue's holiday window display reveal took place on Monday night 11/25/2019. The festive event featured a stunning 10-story-tall theatrical light show that was captured by EarthCam's and edited into an amazing time-lapse video.

EarthCam is the global leader in providing webcam content, technology and services. Founded in 1996, EarthCam provides live streaming video, time-lapse construction cameras and photography documentation for corporate and government clients in major cities around the world. EarthCam leads the industry with the highest resolution imagery available, including the world's first outdoor gigapixel panorama camera system. This patent-pending technology delivers superior multi-billion pixel clarity for monitoring and archiving important projects and events across the globe. EarthCam's all-weather webcams, innovative software and mobile applications enable users to showcase unique views, increase exposure and generate positive public relations.

Head on up to the ninth floor for Frozen's Enchanted Forest Experience will also be open from today until Christmas Eve, and features an immersive take on the Disney's woodland
