Yankee Stadium Special Edition Construction Time-Lapse

The following video comes to us courtesy of [EarthCam](#).

As they stated, "This is EarthCam's 10 year anniversary special edition time-lapse movie of the new Yankee Stadium. It takes a look back on the construction progress of Yankee Stadium from 2007-2009. This time-lapse includes never-before-seen footage of the construction process. We thought that your fans would love this content of one of the most historical stadiums in the world being built within minutes."
