

Live Cams Free

December 23, 2009

See The World LIVE!

Watch Live Webcams presented by [EarthCam!](#)

- Enjoy US and international camera views

- View time-lapse movies for select cameras
- Bookmark your favorites
- Access camera location and weather info

Live views from city streets, restaurants, beaches, ski resorts and more... See famous landmarks and your favorite animals all over the world! Cameras are added daily to our network, so check back often.

Best experienced with Wi-Fi and 3G. Slower systems average approximately one frame per second.

Check out these other applications that EarthCam has to offer: <http://mobile.earthcam.com/iphone/applications.php>
