Celebrate Bastille Day 2010 by watching the Eiffel Tower fireworks live online.

You can celebrate the 2010 Bastille Day (aka le quatorze juillet in France) by watching the spectacular Eiffel Tower fireworks on various Paris webcams.

The Bastille Day celebrations commemorate the 1790 Fête de la Fédération, held on the first anniversary of the storming of the Bastille prison on 14 July 1789.

EarthCam's Eiffel Tower [webcam](#) is one of the best Paris cams on the web. You can visit it by clicking the link below. Also have a look at the Parisrama.com Eiffel webcam. For more viewing points, check out this [webcam map of Paris](#).

Sadly, we can't find any Champs-Élysées webcams on which to watch the military parade, which begins at 10am.

The Eiffel Tower fireworks begin around 10pm tomorrow night. To get a flavour of how dazzling the fireworks can be, watch this Bastille Day video on YouTube from 2007.
