

# Twins Ballpark Update

Welcome to the Minnesota Twins Ballpark Blog. Look here for regular updates on the developments of the new Twins-Hennepin County ballpark, and please send in your ideas for the new facility using the "Submit your Ideas" form on the New Ballpark page.

## BALLPARK WEB CAM COMING SOON

June 25, 2007

I'm pleased to report Twins fans will soon be able to monitor developments at and around the new ballpark site from the comfort of their home or office with the simple click of a mouse. Yes, the Twins Ballpark Webcam is in the process of being installed and is expected to be up and running at [Twinsbaseball.com](http://Twinsbaseball.com) in a matter of days.

The Twins and MLB.com are working in conjunction with the technology provider [EarthCam](#) on the installation of the high-tech camera which will be located on the top of the 33 South Sixth Tower (formerly the Multifoods Tower in downtown Minneapolis). Fans will be amazed at the capabilities of the webcam as they will be able to zoom-in to the intricacies of the site. Most importantly, the webcam will give Twins fans real-time access to the ballpark site as the project kicks into full gear later this summer.

Stay tuned to [Twinsbaseball.com](http://Twinsbaseball.com) for more updates on the Twins Ballpark Webcam.

I'll be back in touch soon with additional ballpark news and notes.

Win Twins!!!

Dave St. Peter

President, Minnesota Twins
