

EarthCam Launches Live Webcam Views Of Fort Lauderdale Beach

posted by Andy Preston - 1 week ago

Are you sitting at work right now and wishing you were relaxing on the beach? Well, thanks to [EarthCam](#), you can now enjoy the views of Fort Lauderdale Beach from anywhere in the world!

Below are a couple different webcams with different angles and views. Try them out, find your favorite, and sit back and relax.

Just imagine the sun on your skin, an ice-cold adult beverage in your hand, and the sound of waves crashing in the near distance.
