

## EarthCam Shares Construction Time-Lapse of New Life Sciences Center II at Rutgers

March 27, 2018

Rutgers University-Newark recently celebrated the opening of the new Life Sciences Center II. [EarthCam](#) is joining the celebration by sharing its latest time-lapse movie, highlighting construction for the new academic building from July 2015 to March 2018.

Watch the decades-in-the-making vision for the Life Sciences Center II come to life with EarthCam's construction time-lapse movie.

You can also see other construction projects EarthCam has documented for Rutgers University, including the Ernest Mario School of Pharmacy on the University's main campus.
