WATCH: Time-lapse video of the WTC Oculus construction over 5 years

By REW • May 25, 2016

EarthCam just released a [time lapse video of construction of The Oculus](#), NYC's new transportation hub in Lower Manhattan. The video captures construction of the transit hub designed by famed architect Santiago Calatrava from July 2011 to May 2016, in honor of the ribbon cutting ceremony that will be held tomorrow, May 26.
