Can't make it to New Orleans for the big party this week but still want to peek in on Mardi Gras?

Check out Bourbon Street and inside Cat's Meow Karaoke with the aid of [EarthCam's live-streaming webcam](#). Founded in 1996, EarthCam provides live-streaming video and time-lapse construction cameras for corporate, tourism and government clients in major cities around the world.

So sit back, grab a Dixie beer and a few crawfish and click on your computer. It might almost feel like you're right there in the thick of the excitement of Mardi Gras — almost.

Travel to New Orleans at www.earthcam.com, and take the party anywhere with EarthCam's Webcams app.

Send me your details for The Buzz to kadams@courier-journal.com.
