

## Gulf Breeze Recovery Celebrates Their Award “ Top Ten Webcams” Winner of the “Top 10 Webcams” Award by EarthCam

Pensacola 7/21/2016 05:00 PM GMT (TransWorldNews)

Gulf Breeze, FL: The webcam:(<https://www.gulfbreezerecovery.com/webcam>) for Gulf Breeze Recovery was just announced as the winner of the “Top 10 Webcams” Award by [EarthCam](#). This recognition is given to websites offering high quality, unique images and overall technical achievements in webcam technology.

This webcam overlooks the beautiful Pensacola Bay from the second story balcony of the Gulf Breeze Recovery facility. It offers stunning (180) degree views of shimmering blue-green waters along sugar white sands, while many sailboats, fishing boats, and the occasional parasail travels by the facility. Florida’s varied wildlife also makes an appearance, from wild bottlenose dolphins, large seabirds, and even manatees. The webcam offers the same stunning view that is available from all of Gulf Breeze Recovery’s waterfront rooms.

According to Barnett Gilmer, Gulf Breeze Recovery’s CEO said “Since the inception of Gulf Breeze Recovery we have been committed to offering transparency to those interested in evaluating our facility for themselves or their loved ones. People wishing to find the right place want to know that what they see is what they are going to get.” Gulf Breeze Recovery continues that transparency with genuine testimonials from real clients in their own words and a virtual tour of the facility provided by a neutral third party, which is also found on the Gulf Breeze Recovery website (<https://www.gulfbreezerecovery.com/our-facility> and <https://www.gulfbreezerecovery.com/testimonials>).

About Gulf Breeze Recovery: Gulf Breeze Recovery is unlike any other treatment center in the world and is changing the future of addiction treatment. This non-12 step program allows you to drive beyond your addictions and promotes a new outlook on life. They offer a unique and individualized approach for those who struggle with chronic relapse. At Gulf Breeze Recovery our non-traditional approach identifies how your addiction began and allows you to break free. Our waterfront facility provides comfort and care with private & semi-private rooms, medical detox, healthy and delicious meals prepared by our executive chefs, exercise, spa and more.
